

Technology Park Breakfast > Invitation

The University of Ballarat Technology Park and Ballarat ICT breakfast brings together information and communications technology professionals and other stakeholders from Ballarat and the broader region.

An Industry Perspective on eHealth

eHealth, which combines the use of electronic communication and ICT in the health sector, is emerging as an area of significant priority for Australia's healthcare system. The National Broadband Network has the potential to make widespread eHealth deployment a reality.

Over the past 20 years Fred IT Group has grown from its Ballarat beginnings to become Australia's largest dedicated provider of business and professional solutions to the pharmacy and retail industries.

Guest speaker: David Freemantle, General Manager, Fred IT Group

Join David Freemantle to learn about Fred IT Group and the current state of eHealth in Australia. Hear about Australia's eHealth future and the role vendors have to play and consider the potential returns and benefits for regional Australia. David is the General Manager of the Fred IT Group Enterprise Solutions department. He joined Fred IT Group in early 2008 after 15 years in management consulting with Accenture, Deloitte and Ajilon and 4 years as the GM Operations at AIG. David's initial role with Fred was the development of the ePrescription business, eRx Script Exchange, with current focus on the PCEHR wave 2 project MedView.

As a consultant he worked on IT projects throughout Australia, Asia, US and Canada with a key focus on large system implementations.
